

ViewletCentral™

2006

Effectively store, manage, and measure your Flash content files.

ViewletCentral is a comprehensive server-based system that allows your organization to store, manage and deploy your Flash content as well as gather important usage statistics.

Capture and monitor statistics for reporting and analysis

Easily determine the effectiveness of your content and how viewers respond. Automatically capture Viewlet usage statistics to a server and view the data using an easy-to-use graphical “dashboard.”

Deploy Flash content simply and easily

Get your content up and running in a snap. With one-click publishing, post Flash content to a web server with a single click.

Safeguard Flash Content

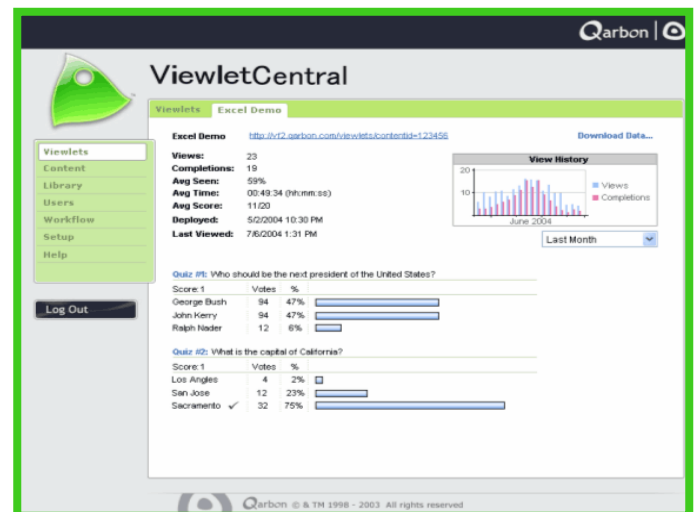

Protect and share by having one centralized location for all your Viewlet content. Store SWF content files on a server to facilitate back-up.

Improve the efficiency of your content development process

Leverage Viewlet content created by other authors, reducing development time, redundancy and effort.*

Manage Viewlet Projects

Administer Viewlet projects among authors. Protect your Viewlet content and maintain version control by keeping it on a centralized server rather than individual authors' computers.*

Graphical “Dashboard” View

ViewletCentral integrates seamlessly with ViewletBuilder and ViewletACE. Qarbon offers two easy ways to access ViewletCentral:

Qarbon Public ViewletCentral

Use Qarbon Public ViewletCentral to publish your Viewlets for FREE. ViewletCentral's free Discovery Plan includes 3 Megs of disk space, 1,000 Viewlet views per month and banner-enabled Viewlets. Extended plans with more space, more views, and no banners are available.

Corporate Self-Hosted ViewletCentral

Should your organization prefer to host your own version of ViewletCentral, we offer ViewletCentral as server based software. To get more information regarding our Self-Hosted solution, contact us at (408) 907-4810.

How Do I Learn More?

To learn more about how ViewletCentral can add value to your organization, contact us at (408) 907-4810 or sales@qarbon.com.
